RESOURCE WISH LIST

Principals in Vrygrond have the privilege of resourcing their ECD centers in a dignified, sustainable manner through the True North Community Currency Shop. They earn currency points through attending ECD related training, through implementing certain practices and by achieving their own goals towards quality ECD. Currency points are then used to purchase much needed equipment for their centers.

We would like to invite you to be a part of this forward thinking initiative by collecting some of the items below, either new or good quality second hand. Bring them to True North and visit our Community Currency Shop!
Or if you would prefer, please pledge some finances towards quality ECD in Vrygrond.

Before you visit please email office@true-north.co.za or call 021 702 6102 to let us know you are coming. Please feel free to spread the word and encourage your friends to assist too! We look forward to meeting you!
